Payments for all services will be due at the time that services are rendered. In order to serve you better, we accept cash, check, Visa, MasterCard and Discover. ***As a courtesy to you***, it is the policy of Mid-Atlantic Imaging Centers to bill your insurance carrier, although you are ultimately responsible for the entire bill. As the responsible party, please understand the following:

(PLEASE CAREFULLY READ AND INITIAL THE FOLLOWING)

_____1. Your insurance policy is a contract between you, your employer, and the insurance company. We are NOT a party to that contract. Our relationship is with YOU, not your insurance company. We will not become involved in disputes between you and your insurer regarding deductibles, co-payments, covered charges, secondary insurances and "usual and customary" charges. As your Medical Imaging facility, we will only supply factual information to facilitate the claim processing. Also please understand, we will not know if your insurance will cover your testing until the claims have been submitted.

_____2. Fees for services, which include unpaid balances, deductibles and co-payments, are due at the time of service. Returned checks and unpaid balances may be subject to collection placement and collection fees.

_____3. All charges are your responsibility whether your insurance company pays or does not pay. If your insurance carrier does not remit payment within sixty days, the balance will be due in full from you. If any payment is made directly to you for services billed by Mid-Atlantic Imaging Centers, you recognize an obligation to remit payment to Mid-Atlantic Imaging Centers.

_____4. I understand and agree that if I fail to make any of the payments for which I am responsible in a timely manner, after such default and upon referral to a collection agency or attorney by Mid-Atlantic Imaging Centers, I will be responsible for all costs of collecting monies owed, including court costs, collection agency fees and attorney fees.

At Mid-Atlantic Imaging Centers, we understand that financial problems may affect timely payment, so we encourage you to communicate with us any such problems and concerns that you have so that we may assist you in keeping your account in good standing. NOTE: 5-10% of cancers are not identifed by mammography. Dense breast tissue may obscure an underlying neoplasm.
False positive reports average 3-5%. A clinically suspicious mass or a dominant lesion should be pursued further regardless of a normal mammogram.
