4. How We May Use and Disclose Your Protected Health Information. Your PHI may be used and disclosed without your prior authorization by your physician, our office staff, and others outside our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the Practice, and any other use required by law. The following categories describe the different ways that the Practice may use and disclose your PHI without your prior authorization. Examples of these situations are also provided.
